

Are you a marketing, communications or fundraising professional who wants to find a meaningful place to volunteer? Would you like to use your expertise to help shape the future of an organization that works tirelessly every day to positively impact the lives of children and youth? Are you forward-thinking and current in the world today? Are you passionate about communication, marketing and branding and have a burning desire to share that expertise with an organization that is hungry to learn and embrace it?

Then, BGC South Vancouver Island is looking for you...

Our Mission is to provide a safe, supportive place where children and youth can experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life. We are one of the largest and most responsive youth serving organizations in Canada, dedicated to the healthy physical, educational and social development of young people. Our programs are learning and skills development focused, building on the strengths of each child and youth so we can help them reach their full potential with confidence and competence for life.

We are looking for a passionate, dedicated professional with marketing, communications or fundraising experience to round out our volunteer Board of Directors and to serve as the Chair of our Resource Development Committee. Board Members play a vital role in setting policy decisions, advancing our strategic plan and acting as ambassadors for the Club. The Board is structured as a governance board and operates with a number of Board committees, with each Director participating on at least one Board committee. Your current experience in communications, marketing, and fund development, will provide the guidance and support needed to meet the targets in our newly refocused Resource Development Plan. This Resource Development Plan places a strong emphasis on Brand-raising (a connected, systems-thinking approach to communications and corporate-partner relationship-building).
